

Product no **AS16 4077**

Amyloglucosidase, Biotin conjugated

Product information

Immunogen	Purified Amyloglucosidase from <i>Aspergillus niger</i> .
Host	Rabbit
Clonality	Polyclonal
Purity	Total IgG in PBS pH 7.2.
Format	Lyophilized
Quantity	10 mg
Reconstitution	For reconstitution add 1 ml of sterile water
Storage	Store reconstituted at +4° C for 7 days. For longer storage, store reconstituted at or below -20° C for 3-5 years. Lyophilized at +4° C for 10 years.

Application information

Recommended dilution	To be determined by the end user
Confirmed reactivity	<i>Aspergillus niger</i>
