

Product no **AS16 3265****CKMM | Human Creatine Kinase, M subunit****Product information**

<b>Immunogen</b>	Purified Human CKMM from skeletal muscle
<b>Host</b>	Goat
<b>Clonality</b>	Polyclonal
<b>Purity</b>	Proprietary 2-step fractionation procedure, IN 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2 with 0.05 % sodium azide.
<b>Format</b>	Liquid
<b>Quantity</b>	1 ml
<b>Storage</b>	2-8 °C

<b>Additional information</b>	Antibody purity is > 80% based on SDS-PAGE. Proprietary 2-step fractionation procedure. Antibody is supplied in 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2. 0.05% (w/v) Sodium Azide is added as a preservative. No reactivity to B subunit.
-------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Application information**

<b>Recommended dilution</b>	This antibody is suitable for all immunoassay applications, The optimal working dilution should be determined by the investigator
<b>Confirmed reactivity</b>	Human Creatine Kinase, M subunit (CK-MM, CK-MB)
