Product no AS07 258

LOX-C | Lipoxygenase (chloroplastic)

Product information

Immunogen recombinant Arabidopsis thaliana protein, loop (aa 257-450) UniProt: P38418, TAIR: At3g45140

Host Rabbit

Clonality Polyclonal

Purity Serum

Format Lyophilized

Quantity 100 μl

Reconstitution For reconstitution add 100 μl of sterile water

Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to

the cap or sides of the tube.

Application information

Recommended dilution 1:50 000 (WB)

Expected | apparent

102 | 97 kDa

Confirmed reactivity Arabidopsis thaliana, Vitis vinifera

Predicted reactivity Brassica napus, Musa acuminata subsp. malaccensis

Species of your interest not listed? Contact us

Not reactive in Chlamydomonas reinhardtii

Additional information Aweak band at around 84 kDa is detected as a probable result of cross-reaction with another lipoxygenase
