

Product no **AS11 1744****Rabbit anti-Hamster IgG (H&L), ALP conjugated****Product information**

| | |
|------------------|---|
| Immunogen | Purified hamster IgG (H&L) |
| Host | Rabbit |
| Clonality | Polyclonal |
| Purity | Immunogen affinity purified rabbit IgG. |
| Format | Liquid |
| Quantity | 1 mg |
| Storage | Non-diluted antibody is stable for 4 years at 2-8°C. For storage at -20°C, dilute with an equal volume of glycerol to prevent loss of enzymatic activity. Prepare working dilutions prior to use and then discard. Shelf life is 1 year from date of receipt. Prepare working dilution prior to use and then discard. |

Additional information Purity of this preparation is > 95% based on SDS-PAGE. Antibody concentration is 1.50 mg/ml (E 1% at 280 nm = 13.0). Antibody is supplied in 30 mM triethanolamine, pH 7.2.5 mM magnesium chloride, 0.1 mM zinc chloride, 1 % (w/v) B, Protease/IgG free. Contains 0.05% (w/v) sodium azide as preservative of bacterial growth.

Based on immunoelectrophoresis, this antibody reacts with: heavy chains on hamster IgG, light chains on allhamster immunoglobulins. Based on immunoelectrophoresis, no reactivity is observed to: non-immunoglobulin hamster serum proteins.

Application information

Recommended dilution This conjugate is suitable for all immunoassay applications, The optimal working dilution should be determined by the investigator,
